# AMD RESEARCH

Have you been told by a doctor that you have  
early or intermediate stage AMD?

Can you read small print (with glasses if necessary)  
under good lighting conditions?

*If so, you may be eligible to participate in a research study.*

Researchers are trying to better predict AMD progression by investigating reading difficulties and other symptoms experienced by people with AMD.

- This study includes two sessions of 1-2 hours each.
- Participation is voluntary and will not affect your current eye care.
- If you qualify, you will be paid \$20 per hour.
- Transportation reimbursement available.
