

Blindness and Low Vision Support Group: July 15, 2026

Peer Discussion: Recap of Previous Topics

This month, we're taking a step back to look at everything we've covered over the past year and talk about where you'd like the group to go next.

We'll walk through recaps of each past meeting, organized loosely by theme:

- Technology
- Emotional wellbeing
- Physical mobility
- Services

You don't need to have attended any of the previous sessions to join this one. If a topic sounds interesting, we're happy to bring it back, along with the speaker who covered it.

Some of what we've explored so far: organizations like Environmental Traveling Companions (ETC) and BORP Adaptive Sports and Recreation, Adaptive Technology Services, smartphone and wearable tech, and topics like orientation, mobility, and balance.

Come ready to share what's been useful, what you want more of, and what we haven't touched on yet.

Logistics:

Date: Wednesday, July 15, 2026

Time: 3:30 PM to 5:00 PM PDT

Location: 2318 Fillmore Street, San Francisco, CA, 94115

Format: In-person, with a virtual option to join remotely
